

3D Cutie Pilgrim Minnie

Print on regular paper or cardstock and cut out all of the pieces. Do not cut along the dashed lines -- this is where you will fold the paper.

With the design facing you, make all of the vertical folds in Minnie's skirt away from you. Close the skirt by gluing tab A to the inside of the design.

Fold the bottom of Minnie's skirt outward, her feet down, and her tail up.

Fold the top of the skirt like a box and tuck the tab inside.

Fold the head in half and secure so the design is two-sided. Make sure the pieces are lined up evenly before the glue dries. Insert the neck into the top of the skirt where you folded the top closed.

Fold the arms in half and secure so the design is two-sided. Do not get glue on the tabs on the ends of the arms. Fold those outward so you can use it as a base to attach the arms to Minnie's skirt. Glue the arms to Minnie and your cutie is finished!
