Instructions

1. Print the pages on regular paper or cardstock and cut out the pieces. Cut a slit at the front of the bag where indicated. Make all folds along dashed lines.

2. Using glue or double-sided tape, secure the A tab on the piece labeled "Bottom and Front" to the back of the purple panel on the piece labeled "Back and Lid."

3. Secure the B tab at the bottom of the left side to the left side of the bottom panel.

4. Secure the B tab at the bottom of the right side to the right side of the bottom panel.

5. Secure the left and right sides to the back and front of the bag by securing the C tabs to the back panel and the D tabs to the front panel.

6. Close the bag by inserting the end of the lid into the slit in the front of the bag.

7. Fold the handle in half and secure so the design is two-sided. Butterfly the tabs outward and use them to attach the handle to the top of the bag.
